THIRD-PARTY ALERT RATE

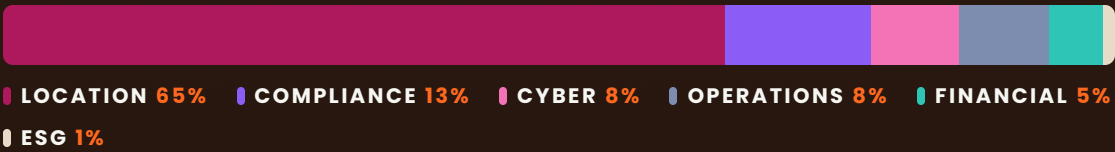

LOCATION ALERT RATE

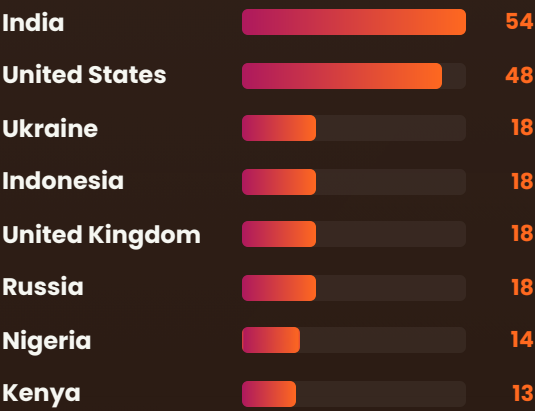

Trend note: the third-party alert rate jumped to **0.023 (+28.6%)**, its second-highest reading in 12 weeks, driven by a sharp rise in Compliance (+34%) and Cyber (+41%) alerts. The location alert rate also climbed to **0.342**, its highest since late July, as flooding across India and Italy and continued Middle East conflict activity add to the location alert count.
